MAKE CHANGES AROUND THE HOME

Look for clutter and other items blocking walkways and paths, putting it away

Check for trip hazards like cords, loose carpet and mats

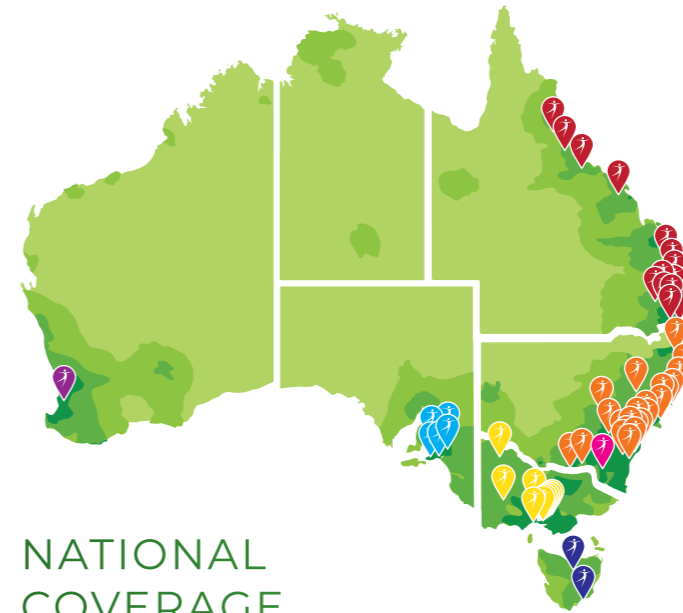

Identify potential slippery surfaces around the home and outside - pay attention to wet areas like the kitchen, bathroom and concrete paths

We offer instore or at home trials to offer custom solutions for all clients. See our website or scan the QR to book yours in.

SOLUTIONS FOR LIVING

MANAGING FALLS RISKS

1300 133 120 | aidacare.com.au

DID YOU KNOW?

Falls are more likely to occur in older people and can result in injuries such as hip and wrist fractures, dislocations, sprains, head injuries, abrasions and bruising. However, many falls can be prevented.

WHAT IS FALLS PREVENTION?

Falls prevention is multifactorial and here at Aidacare, we offer a range of equipment solutions that may aid in reducing your risk of falls.

LOOKING AFTER YOUR HEALTH

Age, gender and health can all contribute to your risk of falls. It is important to implement preventative measures to reduce the chance of a fall, particularly for those who are identified to be at high risk.

FALLS PREVENTION EQUIPMENT

There are a range of mobility aids and equipment that can help prevent or reduce your risk of falls such as the items in this brochure.

HOME SAFETY ASSESSMENT

For those who have experienced a fall or who are at risk of falling, an Occupational Therapist can provide a Home Safety Assessment to identify falls risks within your home and discuss options for reducing these risks. Contact OT Australia on **1300 682 878** for a list of OTs within your area.

For a full range of fall prevention aids and equipment, please scan the QR code.
